

Tricity Fresher Hiring Database — B.Tech CSE (AI/ML), June 2026

Built for 6 fresher job-seekers targeting Chandigarh, Mohali, Panchkula, Zirakpur, Kharar, Derabassi and surrounding Punjab/Haryana IT clusters.

What's in here

File	Deliverable	Status
data/01_recruitment_agencies.csv	D1: Recruitment agencies	20 real, sourced agencies (not 100 — see scope note below)
data/02_companies.csv	D2: Companies hiring	57 real, sourced companies (not 200 — see scope note below)
data/10_paid_training_placement_programs.md	Fee-based options	Honest assessment of paid training/placement programs + scam-avoidance checklist
data/03_active_openings.csv	D3: Active openings	2 real findings + live search-link toolkit for all 16 roles (refreshes daily, never goes stale)
data/04_recruiter_search_toolkit.md	D4: Recruiters/HR/TA	Search-string toolkit per named company (not a scraped 300-person list — see scope note)
data/05_walkin_visit_plan.md	D5: Walk-in routes	3-day route plan from real addresses, clustered by area
data/06_events_job_fairs.csv	D6: Events/job fairs	6 confirmed live meetups (June 2026) + monitoring sources
data/07_job_communities.csv	D7: Job communities	Verified communities + scam-avoidance notes
data/08_30day_execution_plan.md	D8: 30-day plan	Full daily/weekly plan with KPIs
data/09_rankings.md	D9: Rankings	Top 15 agencies, Top 28 companies ranked

D10 (structured tables) = all of the above are CSV/Markdown tables, ready to paste into a spreadsheet.

Scope note — read this before relying on the numbers

The original brief asked for 100 agencies, 200 companies, 300 named recruiters, live June-2026 job postings with hiring-manager names, and Google-Maps-optimized routes with travel times. After testing, several of these targets aren't achievable **without fabricating data**:

- **Phone/WhatsApp numbers, named contacts, ratings for 100 agencies**: most agencies don't publish this. What's in 01 is everything verifiable today, with source URLs.
- **HR/recruitment emails for 200 companies**: almost none are publicly listed; companies route hiring through ATS portals (linked in the Careers Page column).
- **300 named recruiters with LinkedIn URLs**: building this as a static scrape is a mass people-search exercise we won't do. The toolkit in 04 lets each person generate this themselves, which also gets better (personalized) results.
- **Live job postings with deadlines/hiring managers**: these change hourly. 03 instead gives live search links per role/portal that always show current results.
- **Maps travel times**: 05 sequences real addresses by geographic cluster; exact times need a live Maps query on the day of travel.

Verification log

Date	What was verified	Method
2026-06-11	All entries in 01, 02, 06, 07	Web search + page fetches, source URL recorded per row
2026-06-11	Search-link formats in 03, 04	Based on observed live URL patterns from Naukri/Indeed/LinkedIn/Internshala search results

Recommended next steps

1. Each person picks 1-2 areas from [05 walkin visit plan.md](#) and **calls ahead** before visiting.
2. Start Week 1 of [08 30day execution plan.md](#) immediately — don't wait for the database to be "complete."
3. As responses come in, add an "Actual Response" column to 01/02 and feed back into [09 rankings.md](#).
4. Periodically re-run the searches in 02/06 to expand the company list toward 200 — each new verified entry should include a source URL and date, same format as the existing rows.

Table of Contents

1. Overview & Scope Notes
2. Deliverable 1: Recruitment Agencies & Placement Consultancies
3. Deliverable 2: Companies Hiring in the Tricity IT Ecosystem
4. Deliverable 3: Active Openings & Live Search-Link Toolkit
5. Deliverable 4: Recruiter / HR / TA Search Toolkit
6. Deliverable 5: Walk-in Visit Plan
7. Deliverable 6: Job Fairs, Recruitment Drives & Tech Meetups
8. Deliverable 7: Job Communities
9. Deliverable 8: 30-Day Execution Plan
10. Deliverable 9: Rankings
11. Deliverable 10: Paid Training & Placement Programs

Deliverable 1: Recruitment Agencies & Placement Consultancies

NOTE_1	Real-time job postings change multiple times per day and cannot be reliably 'verified' in a static document. Below is a toolkit of pre-built, live search links - one row per role per portal - that your team should check DAILY. These links are constructed using each portal's standard search-URL format and will always show CURRENT openings.

Recruiter / HR / TA Search Toolkit (Deliverable 4)

Why this format instead of a static list of 300 names

Compiling a database of 300 named individuals' LinkedIn profiles + personal contact details for cold outreach is something we won't do as a bulk-scrape — it's the kind of artifact that turns into spam at scale, and LinkedIn's own search is more current and personalized than any static list could be (it shows mutual connections, recent activity, and "open to messages" status, which matter a lot for response rates).

Instead: each of the 6 of you should run these searches from your **own LinkedIn account** (results differ per account/network). This is more effective and takes ~2 minutes per company.

How to use

1. Open LinkedIn, click the search bar, paste the keyword string below.
2. Filter: **People** → Location: "Chandigarh, India" / "Mohali, Punjab, India" / "Panchkula, Haryana, India".
3. Look for titles containing: "Talent Acquisition", "TA", "HR", "Recruiter", "Campus Hiring", "HRBP".
4. Send a short, personalized connection note (template below) — do NOT mass-blast identical messages from multiple accounts to the same person; it reads as spam and can get you all blocked.

Per-company search strings

Company	LinkedIn People Search (paste into LinkedIn search bar)	Google X-Ray (paste into Google)
Infosys	Talent Acquisition Infosys Chandigarh	site:linkedin.com/in "Infosys" "Talent Acquisition" Chandigarh OR Mohali
TCS	Talent Acquisition TCS Chandigarh	site:linkedin.com/in "Tata Consultancy Services" "Talent Acquisition" Chandigarh
Wipro	Talent Acquisition Wipro Chandigarh	site:linkedin.com/in "Wipro" "Recruiter" Chandigarh OR Mohali
HCLTech	Talent Acquisition HCLTech Chandigarh	site:linkedin.com/in "HCLTech" "Talent Acquisition" Chandigarh OR Mohali
Tech Mahindra	Talent Acquisition Tech Mahindra Mohali	site:linkedin.com/in "Tech Mahindra" "Talent Acquisition" Mohali OR Chandigarh
Accenture	Talent Acquisition Accenture Chandigarh	site:linkedin.com/in "Accenture" "Recruiter" Chandigarh
Cognizant	Talent Acquisition Cognizant Chandigarh	site:linkedin.com/in "Cognizant" "Talent Acquisition" Chandigarh OR Mohali
Capgemini	Talent Acquisition Capgemini Chandigarh	site:linkedin.com/in "Capgemini" "Recruiter" Chandigarh
IBM	Talent Acquisition IBM Chandigarh	site:linkedin.com/in "IBM" "Talent Acquisition" Chandigarh
Deloitte	Talent Acquisition Deloitte Chandigarh	site:linkedin.com/in "Deloitte" "Recruiter" Chandigarh

Company	LinkedIn People Search (paste into LinkedIn search bar)	Google X-Ray (paste into Google)
EY	Talent Acquisition EY Chandigarh	site:linkedin.com/in "EY" "Talent Acquisition" Chandigarh
PwC	Talent Acquisition PwC Chandigarh	site:linkedin.com/in "PwC" "Recruiter" Chandigarh
Net Solutions	Talent Acquisition Net Solutions Mohali	site:linkedin.com/in "Net Solutions" "HR" Mohali OR Chandigarh
smartData Enterprises	HR smartData Enterprises Mohali	site:linkedin.com/in "smartData Enterprises" HR OR "Talent Acquisition"
IDS Infotech	HR IDS Infotech Mohali	site:linkedin.com/in "IDS Infotech" HR OR Recruiter
CrossML	HR CrossML Chandigarh	site:linkedin.com/in "CrossML" HR OR "Talent Acquisition"
Suffescom Solutions	HR Suffescom Solutions Mohali	site:linkedin.com/in "Suffescom" HR OR Recruiter
Growth Natives	HR Growth Natives Mohali	site:linkedin.com/in "Growth Natives" HR OR "Talent Acquisition"
Helios Tech Labs	HR Helios Tech Labs	site:linkedin.com/in "Helios Tech Labs" HR OR Recruiter — could not confirm this company's Tricity presence via search; verify it exists before spending time here
eNest Technologies	HR eNest Technologies Mohali	site:linkedin.com/in "eNest" HR OR Recruiter — could not confirm Tricity address; verify first
Quark / Quark City India	HR Quark Software Mohali	site:linkedin.com/in "Quark" "Talent Acquisition" Mohali OR Chandigarh

Note on Helios Tech Labs and eNest: searches today did not surface a confirmed Tricity office for either. Before investing outreach time, do a quick "<company name>" Mohali Chandigarh address search to confirm they're actually local — otherwise your outreach is misdirected.

Connection request template (keep under 300 chars)

Hi [Name], I'm a B.Tech CSE (AI/ML) 2026 grad based in [Mohali/Chandigarh], exploring fresher/intern roles in [SDE / Data / ML]. Would love to connect and learn if [Company] has openings for freshers in the Tricity office. Thanks!

Follow-up message after connecting (send only if accepted, 24-48h later)

Thanks for connecting! I have hands-on project experience in Python, ML/DL, SQL and have built [1-line project highlight]. If there's a fresher/intern opening on your team, I'd really appreciate a referral or pointer to the right portal. Resume attached/linked: [your link]. Thanks for your time!

Etiquette / rate limits to avoid getting flagged

- Max ~15-20 new connection requests per day per LinkedIn account (free accounts get rate-limited above this).
- Personalize the company/role name in every message — do not copy-paste identically to 50 people in one sitting.
- Space requests across the day, not all at once.

Walk-in Visit Plan (Deliverable 5)

Important caveats before you go

1. **"Walk-in Allowed" was not confirmed for any agency/company below** — none of the sources found explicitly advertise open walk-ins for fresher CVs. **Call ahead** (numbers in [01_recruitment_agencies.csv](#) / [02_companies.csv](#)) to confirm someone in HR/recruitment will actually meet you — otherwise you risk a wasted trip to a reception desk that just takes a CV and does nothing with it.
2. **Travel times/distances below are rough estimates from general Tricity geography**, not a live Maps query (I don't have live Maps access right now). Before leaving, paste the addresses into Google Maps yourself for the actual route — sequence is more reliable than my time estimates.
3. Carry 8-10 printed resumes + digital copies on phone, dress formally, go in pairs/small groups (not all 6 at once to the same small office — it can overwhelm a 5-person HR team and hurts impression).

Day 1 — Mohali IT Park / Quark City Cluster (Sector 74, 75, Phase 8 / 8B)

This is the densest cluster — most addresses are within Quark City / Phase 8B Industrial Area, walkable or a 5-min auto ride apart.

Seq	Stop	Address	Type	Est. travel from previous
1	TDS Group	TDS Tower, E-193, IT Park, Sector 74, Phase 8-B	Agency	Start point
2	Arch Recruiters	E-328, Landmark MySOHO, Sector 75	Agency	~5-10 min walk
3	Adecco India	ST Square, C-167, Sector 74	Agency	~5-10 min walk
4	Quark Software / Quark Atrium cluster (Quark Software, Sourcefuse, Net Quall, Emerson, EVERY, Shine DeSign — all in/near Landmark Plaza & Quark Atrium, A-40A/A-45)	Sector 74/75 Industrial Focal Point	Companies	~10 min auto — this is effectively one office complex, visit reception of each
5	ToXSL Technologies	C-127, Phase 8, Sector 73	Company (confirmed actively hiring freshers — prioritize this)	~10-15 min auto
6	Suffescom Solutions	D-256, Phase 8A	Company	~10 min auto

Lunch break in Phase 8 market area, then re-assess based on responses.

Day 2 — Mohali Sector 65-70 / IT City Sector 83 Cluster

Seq	Stop	Address	Type	Est. travel from previous
1	Miles Ahead 91 Consultants	C-210, Sebiz Square, Sector 67	Agency	Start point
2	Skilllabs	A-309, Bestech Business Tower, Sector 66	Agency	~5 min walk (Bestech Tower is adjacent to Sebiz Square)
3	Sebiz Infotech	Sebiz Square, Sector 67	Company	Same building complex
4	AB Placement Services	C-4, SCF 103, Sector 65 Phase 11	Agency	~5-10 min auto
5	Chandigarh Recruiters	SCO 657, Sector 70	Agency	~10-15 min auto
6	smartData Enterprises	Plot I-23, IT City, Sector 83 Alpha	Company (largest fresher-friendly employer found)	~20-25 min auto — sector 83 is further out near the airport road, plan extra time

Day 3 — Chandigarh IT Park / Industrial Area Phase 1 / Sector 32-47 Cluster

Seq	Stop	Address	Type	Est. travel from previous
1	Rajiv Gandhi Chandigarh Technology Park (Infosys BPM, Tech Mahindra, PTC)	Kishangarh, Chandigarh	Companies	Start point — large campus, check in at each company's reception/security gate separately
2	Bebo Technologies	Sector 34, Chandigarh	Company	~15-20 min auto from IT Park
3	Upgrade Careers	261, First Floor, Sector 32	Agency	~5 min (Sector 32 adjacent to Sector 34)
4	RTEX HR Services	SCO 333-334, Sector 35-B	Agency	~5-10 min
5	ABP Empower	Sector 47-D	Agency	~15 min auto
6	Vish International + CrossML	Industrial Area Phase 1 (Vish: Plot 70 Godrej Eternia Tower A; CrossML: opp. Hyatt Regency)	Agency + Company	~15-20 min auto — both in Industrial Area Phase 1, close together

Optional Day 4 (if needed) — Zirakpur / Panchkula

Seq	Stop	Address	Type
1	Webhoppers Infotech	Sector 11, Panchkula	Agency (verify it's not a paid-training model first)
2	Career Choice Solution	Zirakpur (exact address unconfirmed — call first)	Agency

This cluster is sparser and further from the others — only worth a dedicated trip if Days 1-3 don't yield enough leads, or combine with the [06 events list](#) if something is happening there that week.

Deliverable 6: Job Fairs, Recruitment Drives & Tech Meetups

Event Name	Organizer	Venue	Date	Registration Link	Cost	Eligibility	Status/Notes	Source
How to Crack MAANG in 4 Months + Top DSA Patterns	LeetCode & System Design Meetup - MAANG Ready	Online	2026-06-14 7:00 PM IST	https://www.meetup.com/find/in--chandigarh/technology/	Free (verify on page)	Open to all - relevant for DSA prep (Deliverable 8)	Confirmed live on Meetup as of 2026-06-11	https://www.meetup.com/find/in--chandigarh/technology/

Chandigarh.AI Meetup Group (recurring community - check for next event)	Chandigarh.AI	Chandigarh/Mohali (varies)	Recurring - check page for next date	https://www.meetup.com/chandigarh-ai/	Free (typical for meetups - verify)	Open to all AI/ML/data enthusiasts in Tricity	Group exists and is active per search; specific next date not listed at time of search - check page directly	https://www.meetup.com/chandigarh-ai/
Rozgar Mela (PM's national govt recruitment drive - 19th edition was 2026-05-23)	Government of India / Ministry of Labour & Employment	Multiple locations nationwide incl. Punjab/Chandigarh region (specific venue varies per edition)	Recurring every 1-2 months - next edition date not yet announced as of 2026-06-11	https://www.ncs.gov.in/job-seeker/_layouts/15/NCSP/Calendar.aspx	Free	Govt job aspirants - relevant mainly for non-core roles, but worth monitoring	19th edition held 2026-05-23 (51000+ appointment letters distributed nationally) - watch NCS portal for 20th edition announcement	https://www.thehansindia.com/news/national/pm-modi-distributes-51000-new-job-letters-at-19th-rozgar-mela-1078470

Event Name	Organizer	Venue	Date	Registration Link	Cost	Eligibility	Status/Notes	Source
NCS Job Fair Listings (live portal - check weekly)	National Career Service (NCS) / Ministry of Labour & Employment	Various - filter by Punjab/Chandigarh/Haryana	Rolling - check portal for next 90 days	https://betacloud.ncs.gov.in/job-fair-list	Free	Varies by listing - filter for graduate/IT roles	Live portal exists; specific Chandigarh/Mohali listing for June-Sept 2026 not retrievable via search snapshot - check directly and filter by state	https://betacloud.ncs.gov.in/job-fair-list
NOTE	This is a thin starting list - most local Tricity walk-in drives, campus placement camps, and startup hiring events are announced with only 1-2 weeks' notice on LinkedIn, Instagram, and the Telegram/WhatsApp channels in Deliverable 7, not on general event aggregators. Recommend: (1) follow Chandigarh.AI on Meetup, (2) check allev.ventures.in/chandigarh/meetups weekly, (3) check NCS job fair portal weekly, (4) monitor the Telegram channels in 07 daily for walk-in drive announcements.							

Deliverable 7: Job Communities

Group Name	Platform	Join Link	Approx. Members	Activity Level	Notes/Source	Last Verified	
r/developersIndia	Reddit	https://www.reddit.com/r/developersIndia/	~1.5 million	Very High - daily posts on jobs/career/projects	Largest India-wide tech community ; not Tricity - specific but freshers regularly post about Chandigarh/Mohali openings and get useful responses. Source: gummysearch.com/r/developersIndia	2026-06-11	
Freshershunt - Off Campus Drive Updates	Telegram	https://telegram.me/s/freshershunt	<i>Not confirmed - typically large (10k+) for this category</i>	High - daily off-campus drive postings including Tricity	Posts off-campus drives across India incl. Chandigarh. CAUTION: verify each posted link goes to the company's actual careers domain before applying/sharing personal info.	2026-06-11	
FresherOffCampus Official Channel	Telegram	https://telegram.me/fresheroffcampus	<i>Not confirmed</i>	High - daily fresher IT job updates	Same caution as above - cross-check postings against the company's own careers page.	2026-06-11	
Chandigarh.AI	Meetup (community group)	<i>not chat</i>	https://www.meetup.com/chandigarh-ai/	<i>Not confirmed via search</i>	Moderate - recurring AI/Big Data/Blockchain meetups in Chandigarh/Mohali	Best avenue for in-person AI/ML networking in Tricity - attend events to meet local hiring managers/founders.	2026-06-11
LinkedIn Job Search - Chandigarh Tech Roles	LinkedIn (saved search)	<i>not a group</i>	https://in.linkedin.com/jobs/software-engineer-jobs-chandigarh	N/A (475+ active listings at time of search)	Very High - updates constantly	<i>Not a 'group' but the single highest-signal live source - set up a saved search + daily alert here for each of the 16 target roles.</i>	2026-06-11

Group Name	Platform	Join Link	Approx. Members	Activity Level	Notes/Source	Last Verified	
NOTE_SCAMS	Generic 'Chandigarh/Mohali IT Jobs' WhatsApp groups with specific invite links could not be verified as legitimate, active, or scam-free via web search - WhatsApp group invite links are not indexable and churn constantly (most expire within weeks). DO NOT pay any 'registration fee', 'resume processing fee', or 'training deposit' to join a job group or get an interview - this is the most common fresher scam pattern in this market. Legitimate employers and agencies are paid by the hiring company, never by candidates.						
NOTE_HOWTO	To find live, current Tricity-specific WhatsApp/Telegram groups: search Telegram's in-app search for 'Chandigarh jobs', 'Mohali IT jobs', 'Tricity freshers' - join 2-3, observe for a few days for scam patterns (fee requests, vague 'DM for details') before sharing any personal documents.						

30-Day Execution Plan for 6 B.Tech CSE (AI/ML) Freshers — Tricity Job Search

Start date: assume Day 1 = next Monday after kickoff. Plan runs Mon-Sat each week (Sunday = rest/buffer/catch-up).

Team setup (Day 0, before Day 1)

- Split the 6 into pairs for accountability: Pair A, Pair B, Pair C.
- Create a shared tracker (Google Sheet) with columns: Date | Person | Action Type (Application/Outreach/Walk-in/Networking) | Company | Role | Link | Status | Follow-up Date.
- Each person sets up: a polished resume (1 page), an updated LinkedIn profile, a GitHub with 2-3 pinned ML/SDE projects, and (optional but strong) a portfolio site (GitHub Pages/Vercel).

Week 1 (Days 1-6): Foundation + first wave of applications

Goal: Get application materials production-ready and start volume applications immediately (don't wait for "perfect" resume).

Day	Daily application target (per person)	Daily recruiter outreach (per person)	Other tasks
1	5 applications (use search links from 03_active_openings.csv)	0 (focus on profile)	Resume v1 done; LinkedIn headline + About section rewritten using AI/ML keywords (Python, ML, DL, LLMs, SQL, Power BI)
2	8	5 connection requests (use 04_recruiter_search_toolkit.md)	GitHub: pin 2 best projects, write proper READMEs
3	8	5	Resume v2 (incorporate feedback from 1 senior/mentor review)
4	8	5	Apply to ToXSL Technologies off-campus drive (confirmed active — see 03)
5	8	5	DSA: 2 problems/day starts today (see prep section below)
6	10	5	Weekly walk-in: Day 1 route from 05_walkin_visit_plan.md (Mohali IT Park / Quark City cluster)

Week 1 KPIs: 47 applications/person (282 team total), 25 recruiter connections/person, 1 walk-in completed, resumes finalized, GitHub live.

Week 2 (Days 7-12): Scale outreach + agency registration

Day	Applications	Outreach	Other
7	8	5	Register with 5 agencies from 01_recruitment_agencies.csv — call first to confirm fresher openings, email resume
8	8	5	DSA: 2 problems
9	8	5	Aptitude prep starts (30 min/day — quant + logical reasoning, use IndiaBix/PrepInsta)
10	8	5	DSA: 2 problems; mock LinkedIn post about a project (visibility)
11	8	5	DSA: 2 problems
12	10	5	Weekly walk-in: Day 2 route (Sebiz Square/Sector 65-70 + smartData)

Week 2 KPIs: 50/person applications, 25 connections, 5 agencies registered, 8 DSA problems, 3 aptitude sessions, 1 walk-in.

Weekly networking target: Each person attends ≥ 1 online meetup from [06_events_job_fairs.csv](#) (e.g., AWS 101, AIAgent workshop) and posts a LinkedIn reflection — this is both learning and visibility.

Weekly referral target: Each person asks 2 people in their existing network (college seniors, LinkedIn 1st-degree contacts at target companies) for a referral — track in the shared sheet.

Week 3 (Days 13-18): AI/ML interview prep intensifies + second walk-in cluster

Day	Applications	Outreach	Other
13	8	5	AI/ML interview prep starts: revise core ML algorithms (linear/logistic regression, decision trees, SVM, basics of CNN/RNN/transformers), 1 topic/day
14	8	5	DSA: 2 problems
15	8	5	ML topic 2; mock interview (pair up — one asks ML questions, other answers)
16	8	5	DSA: 2; ML topic 3
17	8	5	ML topic 4; aptitude session
18	10	5	Weekly walk-in: Day 3 route (Chandigarh IT Park / Industrial Area Phase 1 cluster)

Week 3 KPIs: 50/person applications, 25 connections, 4 ML topics revised, 8 DSA problems, 1 mock interview, 1 walk-in.

Week 4 (Days 19-24): Interview conversion + portfolio polish

Day	Applications	Outreach	Other
19	6 (shift focus to interview prep for any responses received)	5	Portfolio site live (if not already) — host 2-3 projects with live demo links
20	6	5	DSA: 2; mock technical interview (full 45-min simulation within team)
21	6	5	ML topic 5 (LLMs/prompt engineering — directly relevant given "LLMs" skill listed)
22	6	5	DSA: 2; review all rejections — note patterns, adjust resume keywords
23	6	5	Follow up on all pending applications from Week 1-2 (polite check-in message)
24	8	5	Weekly walk-in/optional Day 4: Zirakpur/Panchkula cluster (only if Days 1-3 underperformed) OR repeat Day 1 cluster with new contacts

Week 4 KPIs: ~38/person new applications, 25 connections, portfolio live, 1 full mock interview, all old applications followed up.

Days 25-30: Buffer, review, and reset

- Day 25-26: Team retrospective — review the tracker. Which channels (agencies vs. direct applications vs. LinkedIn outreach vs. walk-ins) produced the most interview calls? Double down on what's working.
- Day 27-28: Refresh resumes/LinkedIn based on interview feedback received so far.
- Day 29: Plan Month 2 — likely needs a 2nd pass through agencies that didn't respond, plus newly opened roles.
- Day 30: Celebrate progress regardless of outcome — job searches in this market commonly take 6-10 weeks for freshers; consistency over 30 days builds the pipeline that converts in months 2-3.

Cumulative 30-Day KPIs (per person)

Metric	Target
Total applications	~185
Total recruiter/HR connections sent	~125
Agencies registered with	≥5
Walk-ins completed	3 (Days 1-3 clusters) + optional Day 4
DSA problems solved	~32
Aptitude sessions	~8
ML topics revised	5
Mock interviews	2
Meetups attended	≥4
Referral requests sent	≥8
GitHub projects polished	2-3
Portfolio site	1 (live by Day 19)

Cumulative 30-Day Team KPIs (×6 people)

Metric	Target
Total applications	~1,110
Total outreach messages	~750
Walk-in visits completed	18+ (3 routes × 6 people, or fewer if done in pairs = 9 person-visits per route)
Interview calls (realistic target, not guaranteed)	15-30 across the team, based on typical 2-5% response rates on cold applications + higher on referrals/walk-ins

DSA Prep Resources (free)

- LeetCode (Easy/Medium, focus: arrays, strings, hashmaps, two pointers, basic DP) — 2/day = 60 problems/month
- Striver's SDE Sheet (structured roadmap)
- The MAANG-prep meetup found in [06_events_job_fairs.csv](#) (2026-06-14) is a good kickoff session

Aptitude Prep Resources (free)

- IndiaBix, Prepnsta — quant, logical reasoning, verbal — 30 min/day, 4x/w eek

Rankings (Deliverable 9)

Scope note: Rankings below are drawn from the verified entries in [01_recruitment_agencies.csv](#) (20 agencies) and [02_companies.csv](#) (28 companies) — the real, sourced datasets built today. The original ask was for Top 25/50/50/50 from pools of 100/200/300; those pools don't exist as verified data yet (see [README.md](#) for why). These rankings are honest given current data size — re-run once the lists are expanded.

Ranking criteria (scored qualitatively 1-5 each, summed): **Fresher friendliness, AI/ML relevance, hiring activity signal, growth/stability, accessibility (walk-in/local presence).**

Top Agencies (ranked from the 20 researched)

Rank	Agency	Why ranked here
1	Vish International	Highest active job volume found (253+ jobs on aggregator), 12 yrs experience, IT + bulk hiring focus
2	Adecco India (Mohali)	Global staffing brand, strong IT/bulk hiring practice, employer-funded (no fee risk)
3	CIEL HR Services	Pan-India scale (38+ branches), tech-driven recruiting, IT specialism
4	TDS Group	Located inside Mohali IT Park — proximity to target companies, 23 yrs experience (Chandigarh branch)
5	Upgrade Careers	High rating (4.6) with substantial review volume (29), 11 yrs in Chandigarh
6	ABP Empower	High job volume (99+) on aggregator, established Chandigarh presence
7	AllianceGrow Staffing	Highest rating found (4.8) though lower review count
8	Destiny HR Group	Explicit "IT Recruitment Agency in Mohali" specialism, named contacts found
9	Chandigarh Recruiters	Local Mohali presence, decent review volume (29)
10	Arch Recruiters	Located in Mohali IT Park (Sector 75), good for walk-in proximity
11	RTEX HR Services	Solid rating, 10 yrs Chandigarh presence
12	Skilllabs	Good ratings in both Mohali and Chandigarh listings
13	Miles Ahead 91 Consultants	Sector 67 location near several IT companies, but may skew mid/senior
14	TDS Placements (Chandigarh)	23 yrs experience claimed, central Manimajra location
15	AB Placement Services	Local Mohali presence, low review count limits confidence

Not ranked (need more verification before relying on them): HRD Talent Corner, Career Concepts, Dashmesh Healthcare Solutions (healthcare-focused), Career Choice Solution, Webhoppers Infotech (verify training-fee model first), EduSoft Technology (verify fee model).

Top Companies (ranked from the 28 researched)

Rank	Company	Why ranked here
1	smartData Enterprises	Largest fresher-friendly employer found (1000-5000 staff), AI/IoT/healthcare focus, 85% employee recommendation per Glassdoor, dedicated careers portal
2	ToXSL Technologies	Confirmed actively hiring freshers right now (Off-Campus Batch 2026-27), located in Mohali Phase 8
3	Tech Mahindra	Massive scale, recurring walk-in drives, strong fresher pipeline historically
4	Infosys BPM (Chandigarh)	Global brand, large-scale fresher hiring programs, IT Park location
5	Net Solutions	Strong digital product engineering brand, multiple Tricity offices, good LinkedIn presence (65k+ followers)
6	IDS Infotech	Explicitly offers internships + entry-level roles, AI/ML positioning, 2000+ employees globally
7	CrossML	Highest AI/ML specialization score among researched companies — directly relevant to this team's specialization
8	Sourcefuse Technologies	Strong Cloud/Dev Ops (AWS) focus — relevant to Cloud Engineer/Dev Ops roles in Deliverable 3
9	MoogLeabs	AI/Blockchain/DevOps mix, smaller size may mean faster hiring decisions
10	Bebo Technologies	QA/testing strength — relevant to QA Engineer/Automation Tester roles
11	Suffescom Solutions	Active Mohali presence, blockchain/app dev, mid-size
12	Quark Software	Established Mohali anchor tenant (Quark City founder), stable
13	Apptunix	AI-powered product engineering, global client base
14	Growth Natives	AI-driven growth/marketing - good for hybrid AI+analytics profiles
15	Webtunix AI	Small but explicitly AI/Data Science focused
16	Mindfire Solutions	Established offshore dev shop, broad role variety
17	Code Brew Labs	Active mobile/app dev hiring pipeline
18	Debut Infotech	Blockchain + enterprise software, broad tech stack
19	Sebiz Infotech	Established Mohali presence, varied roles
20	NetSet Software Solutions	Cloud computing focus
21	Net Quall Technologies	Smaller, Quark City located
22	Softleoai	AI/ML focused but small (verify scale before prioritizing)
23	Fusion Informatics	AI focus but Chandigarh address unconfirmed
24	PTC	Strong global brand but enterprise-software fresher pipeline less certain locally

Rank	Company	Why ranked here
25	Vismaad Labs	Web/mobile, smaller agency-style
26	Webguruz Technologies	Web/mobile, smaller agency-style
27	RV Technologies	Web/mobile/e-commerce, smaller agency-style
28	Emerson IT Solutions / EVERY / Shine Dezin	Larger captive units but fresher-hiring pattern unconfirmed - worth a walk-in to check

Top Recruiters / Top Freshers-Friendly Employers (Deliverables 4 & "Top 50 Freshers-Friendly Employers")

Not produced as static name lists — see [04_recruiter_search_toolkit.md](#) for why, and use the per-company LinkedIn search strings there. For "Freshers-Friendly Employers," the **Top Companies** ranking above doubles as this list (the Fresher Friendly Score column in [02_companies.csv](#) was used as a primary sort signal).

How to re-run these rankings as data grows

As the team registers with agencies / applies to companies and gets real signal (response rates, interview calls, walk-in receptions), update the CSVs with an "Actual Response" column and re-sort — real outcome data will be far more predictive than these initial estimates.

Paid Training & "Placement Guarantee" Programs — Honest Assessment

You asked about options that charge a fee, since speed matters. Here's the real landscape, found via search today, plus a framework so the team doesn't lose money to a bad one.

The core rule first

Real recruitment agencies and real employers never charge candidates a fee — they're paid by the hiring company. Anything calling itself a "recruitment agency" or "placement consultancy" that asks *you* for money before/for a job offer is not operating like a normal agency, full stop.

What's *legitimately* fee-based in this market is **training-with-placement-assistance** — you pay for a skills course (testing, MERN/MEAN stack, cloud, etc.), and the institute helps you apply afterward. This can be worth it **if**: - The fee is for actual instruction/curriculum (verifiable syllabus, instructors, duration), not a vague "registration fee." - "Placement assistance" is explicitly NOT a guaranteed job — read the fine print. "100% placement guarantee" claims should be treated with skepticism; ask for **proof**: names of recent batches, LinkedIn profiles of people who got placed, which companies hired them and when. - You can verify the institute has a real office (visit it) and has been operating for years (check Google reviews, Glassdoor, MCA/company registration via zaubacorp.com).

Programs found in today's research (none vetted further than this — verify before paying anything)

Provider	What's offered	Where	Caveats
ToXSL Technologies	Internship with "100% placement assistance" + real-world projects	Mohali (Phase 8, Sector 73 — already in 02_companies.csv)	This is the same company with a confirmed live off-campus hiring drive (Deliverable 3) — worth checking whether their internship route requires payment or is a normal paid/stipend internship. Ask directly before assuming a fee. Source: https://talent.toxsl.com/blog/149/web-development-training-in-chandigarh-mohali-for-career-growth
Shine Deziign Infotech	6-week / 6-month paid training + internship programs	Phase 8B, Mohali (already in 02_companies.csv)	One review found was positive ("immensely beneficial"). Still verify current fee and placement track record directly. Source: https://careers.shinedeziign.com/mean-mern-stack-training-in-chandigarh-mohali/
ThinkNEXT Technologies	Industrial training + "100% job guarantee" claims	SCO 112-113, Sector 34A, Chandigarh (added to 02_companies.csv)	"Job guarantee" marketing claims are a red flag pattern industry-wide — ask for verifiable recent placement evidence (names + LinkedIn + company) before paying. Source: https://www.thinknext.co.in/
Goteso	Software testing course with "job placement guarantee"	Mohali/Chandigarh area	Mixed reviews found: one fresher reported a positive outcome (selected after MCA training); another reported NOT getting a job after paying for Android training elsewhere due to skill gaps. Treat "guarantee" language skeptically. Source: https://www.goteso.com/training/best-software-testing-certification-course-classes-for-beginners-with-job-placement-guarantee.html

Provider	What's offered	Where	Caveats
Infosif Solutions	6-month industrial training with "100% placement assistance"	Chandigarh/Mohali tricity	Same caution — verify lab facilities and placement record by visiting in person before paying. Source: https://infosif.com/
Makes360	Paid internship (live projects, mentorship, certification)	Chandigarh & Mohali	This is a paid <i>internship</i> (you may be paid a stipend, or pay a fee — verify which), with "exceptional performers" sometimes converted to FTE. Confirm direction of payment before committing. Source: https://www.makes360.com/internship/
Internshala Placement Guarantee Courses	Various tech courses with placement guarantee / refund-if-not-placed models	Online (national, not Tricity-specific)	Internshala is a known, large platform — generally more accountable than small local institutes, and refund-based guarantees are a meaningfully different (better) structure than "pay and hope." Still read the refund terms carefully. Source: https://trainings.internshala.com/blog/internshala-placement-guarantee-courses-reviews/

Before paying anyone, anything — checklist

1. **Get the fee structure in writing** (what exactly does it cover, refund policy if no placement).
2. **Ask for 3-5 recent alumni** you can actually message on LinkedIn — message them yourself, don't just trust testimonials on the institute's site.
3. **Check company registration** on zaubacorp.com or mca.gov.in — confirms it's a real registered entity, not a fly-by-night operation.
4. **Visit the physical office** before paying — addresses above are a starting point.
5. **Never pay via UPI/cash to an individual's personal account** — payment should go to the registered company's bank account/official payment gateway, with a proper invoice/receipt.
6. **Compare the fee to the 30-day free plan** in [08 30day_execution_plan.md](#) — six of you doing the free plan consistently for 4-6 weeks may outperform a paid course, especially since you already have B.Tech CSE (AI/ML) fundamentals. Paid training makes most sense for a *specific skill gap* (e.g., one of you needs Power BI or a cloud cert), not as a blanket "guaranteed job" purchase.
